Profile

I am a Microsoft 365 Developer at Penthara Technologies, where I design and develop solutions using the Microsoft Power Platform and Power Apps. I enable clients to automate workflows, streamline processes, and enhance productivity, creating user-friendly and responsive web and mobile applications.

Employment History

Microsoft 365 Developer, Penthara Technologies, Mohali

SEPTEMBER 2021 – PRESENT

- Developed custom applications using PowerApps, streamlining processes and improving user experience.
- Automated workflows with Power Automate, reducing manual tasks and enhancing operational efficiency.
- Collaborated on SharePoint solutions for effective information sharing and project management.
- Utilized Dataverse for robust data management, ensuring data accuracy and accessibility.

Web Developer, Penthara Technologies, Mohali

MARCH 2021 – SEPTEMBER 2021

- Creating websites for the company and various sponsored events.
- Collaborated with design and marketing teams to refine designs, implement better SEO, and optimize websites for faster load times and higher rankings.
- Proficient in CSS frameworks (e.g., Bootstrap) and pre-processors (e.g., SCSS) for streamlined front-end development.

Projects

Power Apps Solution

I developed a robust solution using Power Apps, leveraging SharePoint as a reliable database and Power Automate to construct automated workflows. This integrated approach streamlined data management, optimized processes, and significantly improved operational efficiency.

Infopath to Power Apps conversion

A customer had multiple complex InfoPath form connected to SharePoint and needed to convert them to Power Apps forms, I worked on the conversion to understand the existing InfoPath form and replicate it's functionality in Power Apps and integrate it with SharePoint.

Migration Project

- Led a critical migration project, transferring SharePoint, OneDrive for Business, and Power Platform resources between tenants.
- Employed ShareGate for SharePoint and OneDrive migrations, ensuring a seamless transition with minimal user disruption and comprehensive post-migration support.

Education

B.Tech, Lovely Professional University, Phaghwara

AUGUST 2017 – JULY 2021
